NAXOLATE® AS-LN90

Product Data Sheet

SODIUM LAURYL SULFATE, Needles

Description:

Catexel Nease LLC offers a number of surfactants for a wide range of applications. **NAXOLATE®** products are anionic surfactants which provide high foaming, detergency and wetting function. The primary uses for these products include Household, Industrial and Institutional cleaners.

CAS #

151-21-3

NAXOLATE® AS-LN90 is sodium lauryl sulfate in a needle form. This product offers the advantage of a high activity solid combined with minimal dusting. As an anionic surfactant it provides good detergency, emulsification, high foaming and wetting properties. It is used extensively in light-duty laundry detergents, fine fabric wash, shampoos and many personal care applications. Also used in many formulations for its thickening effect.

Typical Properties:

Appearance	Free flowing, white needles
